

YURII PYSMAK

Truck Dispatcher

Orlando, FL 32832

+1 (407) 866-8244

pysmak.yuryi@gmail.com

PROFESSIONAL SUMMARY

Highly disciplined, results-oriented professional with over 20 years of extensive experience in high-stakes logistics, transport management, and safety operations on large ocean-going tanker vessels. Due to the war and the occupation of my hometown in Ukraine, I successfully relocated my family to safety in the USA under the U4U program and transition my well-established career into domestic logistics. To launch this path, I have successfully completed intensive theoretical and practical training as a **Truck Dispatcher** at **Dispatch42 School**. Bringing deep expertise in load calculations, strict compliance monitoring, and real-time risk management, I am fully prepared to deliver top-tier dispatcher operations, efficient load planning, and professional broker relations.

LOGISTICS CERTIFICATION & WORK STATUS

Certified Truck Dispatcher

May — June 2026

Dispatch42 School / Trucking42, Inc. (Miami, FL)

- **Theoretical Core:** Graduated with a 100% final score, completing 58 intensive instructional lessons covering US logistics, regulations, and industry metrics.
- **Practical Dispatch Training:** Completed 3 weeks of hands-on practice in a live dispatch environment.
- **Acquired Expertise:** Load sourcing and booking via premier load boards (DAT, Truckstop), market dynamics analysis, freight rate negotiation, effective broker and driver communication, advanced trip planning, ELD compliance tracking, and managing check-calls.
- **US Documentation:** Legally authorized to work in the United States with full Work Authorization (EAD), Social Security Number (SSN), and an active US Driver's License.

CORE COMPETENCIES & SKILLS

Dispatch & Logistics: Load Boards (DAT, Truckstop), Trip Planning, Route Optimization, Freight Broker Relations, Rate Negotiation, Dispatch Operations.

Operations Management & Communications: Decades of leadership, coordinating complex logistics, customer service, conflict resolution, crisis handling under high-pressure, 24/7 operations environment.

Safety, Security & Compliance: Strict adherence to rigorous regulatory standards, meticulous record-keeping, risk assessment, First Aid & Safety Officer expertise.

Technical Proficiency: MS Office (Excel, Word), rapid adaptability to specialized dispatch platforms, CRM systems, and tracking software.

TRANSPORTATION & LEADERSHIP EXPERIENCE (MARITIME SECTOR)

Over 20 years managing logistics, regulatory compliance, navigation safety, and high-value cargo operations on ocean-going tanker vessels:

Marine Chief Officer (Senior Operations & Safety Manager)

January 2021 — December 2023

Donnelly Tanker Management — Cyprus (Oil-Product-Chemical Tankers)

- Held full accountability for onboard safety management, vessel stability, and complete cargo logistics for large ocean-going tankers.
- Designed, calculated, and executed complex loading/discharging plans; monitored precise cargo metrics and technical compliance.
- Supervised critical safety and security protocols, vessel security tasks, and acted as the primary First Aid and Safety Officer.
- Successfully led and passed multi-agency international compliance audits (USCG, Port State Control, Vetting Inspections).

Marine Chief Officer / 2nd Officer

January 2016 — December 2021

Hafnia Tankers — Singapore

2nd Officer / Marine Chief Officer

January 2007 — December 2015

Minerva — Greece

2nd Officer (Marine Navigator)

January 2000 — December 2007

Harmony — Greece

** **Career Transition Note:** Prior to navigating as a 2nd Officer and Chief Officer since 2000, dedicated 13 years (1987–2000) working globally as a Marine Radio Officer on bulk carrier vessels, building an exceptional foundational skillset in global telecommunications, precision reporting, and remote logistics coordination.*
